## Report Description

This report provides a review of projected events for corrective action areas. The report shows initial corrective action events along side the associated future schedule events, and also notes where an expected future schedule event has not been entered.

The user must specify an event date range to encompass the initial event actual date and future event schedule date.

The report tracks the following corrective action event chains:

Initial Event		Future Event	
Event Code	Event Description	Event Code	Event Description
CA050xx	RFA Completed	CA070xx	Determination of Need for RFI
CA050xx	RFA Completed	CA075xx	CA Prioritization
